**22 Days of Prayer for your PTSD partner:**

Lord, today we pray for all those with PTSD who are working to honor You through their efforts in sharing their stories with others with the hope of powerful healing coming through. Lord, today we ask You to wrap Your arms around all of those impacted by PTSD, pull them close to You and help them to feel Your deep, deep love. Where they are weak Lord, make them strong. Where they doubt, help them to trust. Lord, make them an instrument of Your peace always singing, always dancing, always filled with joy for You. In Jesus Name We Pray, Amen!
